

CLP

AIR GROUP

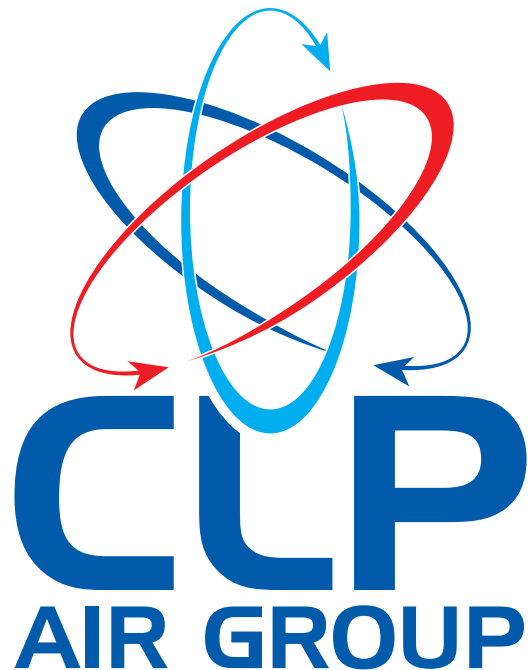

CLP AIR GROUP

CLP Air Group are a company specialising in the air movement / HVAC industry. Established in 2000, our owner managed group has three divisions consisting of:

- ▶ CLP Filters
- ▶ CLP Air Handling
- ▶ CLP Site Air Services

Throughout this time CLP have provided excellent customer service and received complimentary customer testimonials and recommendations from various industry sectors. Our team are always happy to discuss any of your requirements and would welcome the opportunity to explain further how we can assist you with your future projects.

CLP FILTERS provide a full range of HVAC Filters to many different industries and offer an excellent hands on friendly customer service. With over 50 years of combined industry experience within the management team, we are perfectly suited to provide an all-encompassing filter supply and management service.

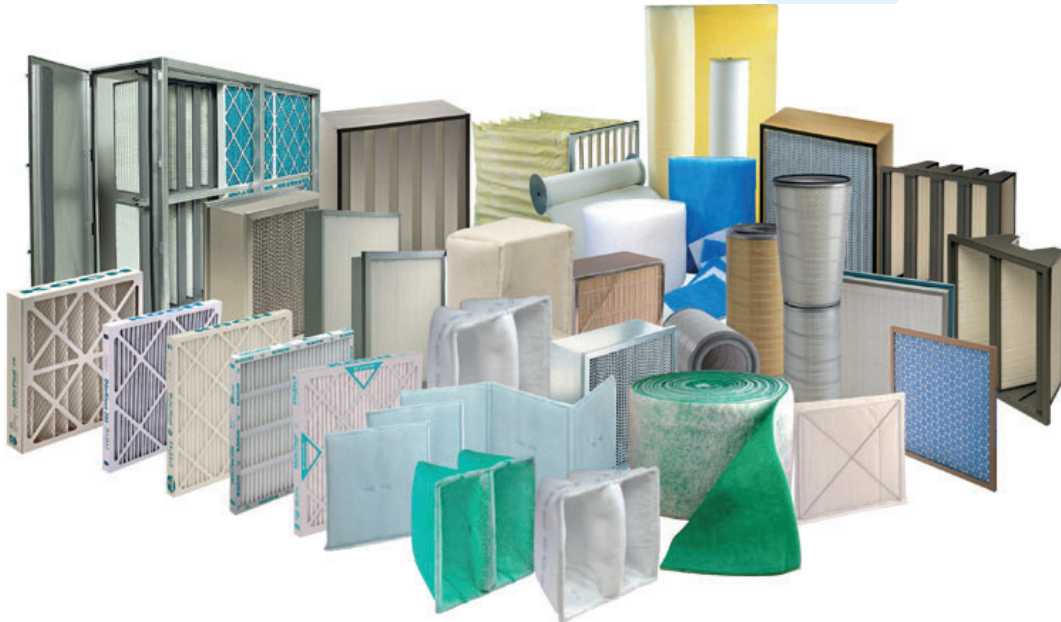

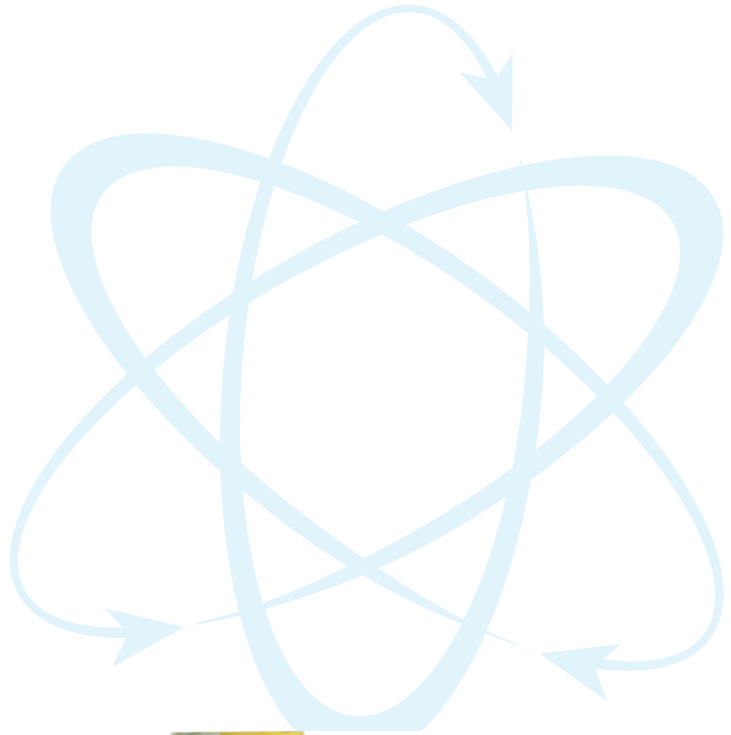

CLP AIR HANDLING have produced many bespoke air handling unit packages to suit a wide variety of applications. We look at each individual project from a blank canvas and work with our clients to produce a tailor made product to suit their exact requirements. Our in house technical expertise along with our flexible approach enables us to offer a totally unique service to our clients.

CLP SITE AIR SERVICES specialise in air related site services and our team of experienced industry experts can provide a wide range of services across the UK. With our diverse fan and air handling unit knowledge, we are a perfect option for all your on-site refurbishment and maintenance requirements.

What our clients say...

I have worked with CLP Air Handling Systems on many projects for over 15 Years now. Always had great service and customer care at its finest.

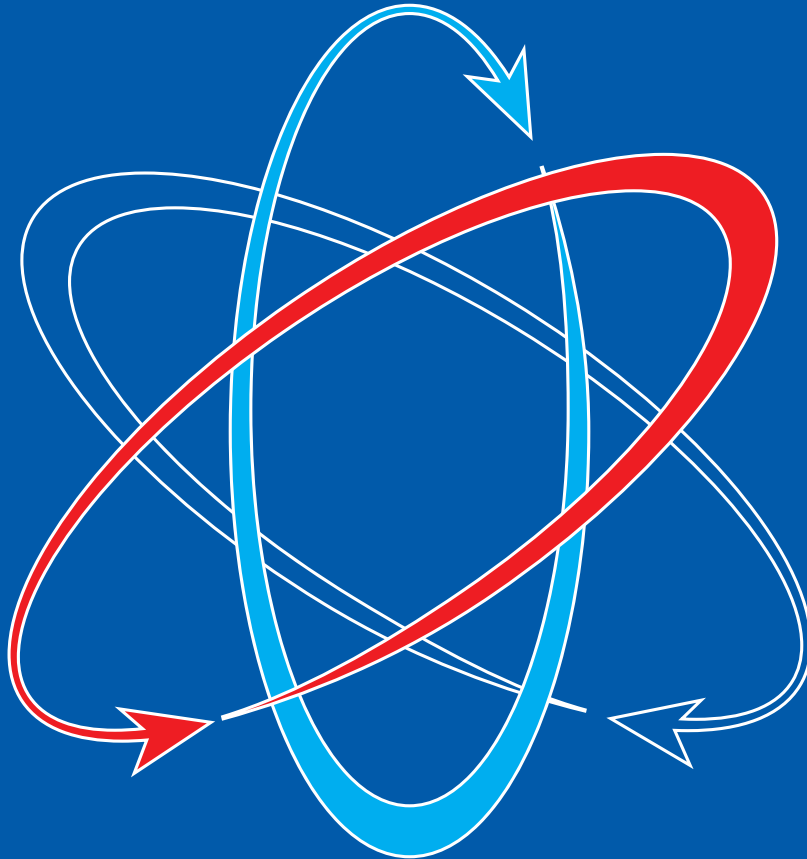

AHU manufacturers aren't difficult to find but ones who provide this level of service are; flexible and prompt with a wealth of experience to advise and recommend.

I have worked in the UK Air Handling market for 30+ years. CLP have recently provided me with the best overall service I have ever received from any AHU manufacturer. If I could review above 5 stars then I would.

CLP have provided us with numerous AHU's, fans and expert advice / knowledge. They are extremely professional and easy to work with. CLP have even been happy to help us out on projects they haven't been directly involved in, which goes a long way for us. We have a great working relationship with CLP and couldn't recommend them highly enough.

We have a great working relationship with CLP, would highly recommend.
Great service.
